

REPORT ON CAPACITY BUILDING PROGRAMME IN MATHEMATICS FOR CLASS-X

A two day Capacity Building Programme for teachers teaching Mathematics to class X was organized by CBSE at Indraprastha International School, Dwarka on 24th and 25th August 2018. Eminent educationists from CBSE Ms. Ishita Mukherjee and Mr. Neeraj Saxena conducted the workshop.

The workshop aimed at finding strategies to interest the students towards Mathematics as a subject. The discussion also included identifying some common errors made while solving mathematical problems. Hands on activities were performed to generate interest of students and enhance their conceptual knowledge. An insight into making of question paper using parameters of assessment was also given.

The resource persons laid emphasis on concept building, problem solving and development of critical thinking skills among the students. Teachers were advised to create friendly environment in the classroom to help students combat fear, anxiety and stress related to the learning of Mathematics.

It was indeed a motivating and enriching experience.

Attended by

Ms. Ruby Mehrotra

Ms. Shalini Agarwal
