

## **Assembly – VI K**

There is a saying that time and tide waits for none and the best way to fruitfully use our time is to manage our time well. Students of VI K presented an assembly on 'Time Management' on 5<sup>th</sup> October 2017. The thought for the day illustrated the need to realize the importance of time. The assembly included a poem which stressed on the need to allocate time to play, work, friendship, prayer, dreams, reading, appreciation as everything contributes to enriching our personality. The assembly concluded with tips to effectively manage our time.

Students who had brought laurels to the school were lauded and the Senior Mistress of Middle School appreciated the theme of the assembly as dreams require time and effort to reach fruition.
