

## **Plantation Drive**

**‘Tree planting is a great way to increase the interest of the students in their local environment’**

Eco warriors of class VIII went for a plantation drive as a part of the Behtar India Campaign to DPS Sector 47. Students showed great enthusiasm in planting the saplings. The children promised to take the initiative to sensitize and encourage their fellow students to propagate the message of making their environment greener. The Headmistress Primary Wing, Ms. Rashmi Singh and Headmistress Middle School Ms. Dipinder Kaur appreciated the efforts of the students and encouraged them to plant more trees.
