

INTACH ACTIVITY FOR THE MONTH OF APRIL '2017

INTACH school group had organized an activity on the topic 'Amazing Archaeology' for the middle school students on 6th April '2017. The students researched and wrote about history of archaeology in India, well known archaeologists, famous archaeological sites in India and interesting archaeological artifacts found in their region. The children participated enthusiastically and the activity gave them an insight into human civilization. They understood the importance of studying and preserving humanity's deep past.
