

BIHAR FLOOD RELIEF

'A kind gesture can reach a wound that only compassion can heal.'

Our Principal, Ms. Aditi Misra, an educationist, a philanthropist and a mentor lives by our school motto 'Service Before Self'. She joined hands with The Global Education & Leadership Foundation, an ethical and altruistic organization which aims to make a difference in the lives of our fellow humans, to provide support to the flood victims of Bihar. The Junior Student Council sensitized the students about the difficulties faced by the flood victims and the ways to assist them. It received an overwhelming and empathetic response from the students and parents who joined hands and donated blankets, bed sheets, torches, mosquito nets etc. that could be used by our brethren affected by this natural calamity.

Ms. Dhara Jaipuria, Pro Vice Chairperson, DPS Gurgaon, is a visionary and a leader who firmly believes in giving back to the society as much as possible. She, along with Ms. Aditi Misra flagged off the relief material for GOONJ Centre to be used by the people of Bihar and provide relief to the affected people by meeting their immediate needs.
