

REPORT ON ASTRONOMY DAY

Space club students of Delhi Public School, Gurgaon organised Astronomy Day on 1st Feb 2017 .The day was planned with the support and guidance of SPACE Educator and the school coordinator. A plethora of talent was showcased wherein the members of the club got a platform to display their year long learning. The activities promoted organizational and leadership skills, scientific temperament and logical reasoning in the students. The models and various activities were showcased for the students of class V to VII. It was an enriching and informative experience for all.
