

REPORT- ALL FOR KIDS PRESENTATION

CLASS IV, V

*One important key to success is self-confidence.
An important key to self-confidence is preparation.*

The *Ab Initio* performance of 'ALL FOR KIDS' was conducted on 25th October, 2018. The activity gave a glimpse of knowledge and confidence acquired by the students from the previous sessions of the workshop. The children of Class IV and V rehearsed for the play to be presented before the parents.

Class IV group staged a contrast between Healthy Food and Junk Food and in the process learnt about the importance of balanced diet. They recited an interesting poem on healthy food with accurate voice modulation and intonation.

Class V group recited humorous poems followed by a soul stirring act based on the plight of animals in circus. They realistically portrayed different animals and displayed their dramatic and oratory skills.

The show concluded with the promise made by students and parents to never visit a circus, be kind towards all living beings and follow a healthy lifestyle. Parents applauded the efforts of the students and facilitators. They appreciated the hard work put in by everyone. It was an interactive and successful show.
