

DELHI PUBLIC SCHOOL, GURUGRAM
International Holocaust Remembrance Day: 7th February to 9th February 2017

International Holocaust Memorial Day is observed every year on 27th January to inspire citizens and leaders all across the world to confront hatred, prevent genocide and promote human dignity.

Our school commemorated this day from 7th February to 9th February 2017 by showcasing the exhibition- State of Deception: The Power of Nazi Propaganda by the United States Holocaust Museum in partnership with Holocaust and United Nations Outreach Programme. The exhibition made the students aware how biased information was designed by Hitler and his followers to shape public opinion and behavior to persecute one section of the society namely the Jews.

The initiative was taken by our school under the guidance of our principal, Ms. Aditi Misra to sensitize the students of this institution as well as that of the neighbouring schools. The exhibition saw the students of our school, DPS International and Ridge Valley School participating enthusiastically in discussions about the use/misuse of Propaganda by Hitler. They also realized that in contemporary world there is a need to be more aware and responsible to prevent such misuse of power by any individual. They appreciated the efforts of the United Nations Outreach Programme to use educational resources, exhibitions, film series and seminars to sensitize people.

The exhibition came to an end on a high note with students sharing their views and messages about their experience of this exhibition and displaying them to showcase support.
