

Report on Baisakhi Assembly

“You must give to get .You must sow the seed before you can reap the harvest.”

Baisakhi special assembly was presented by the students of Jamuna House of the Junior Wing on 11th April, 2019. The assembly commenced with an inspirational thought, followed by an informative skit on Baisakhi which is the time of harvesting of Rabi crops and Sikhs’ New Year. This was followed by a descriptive poem on rural life and yellow fields, blooming with the golden harvest. It accentuated the importance of our rich cultural heritage, traditions and values.

An energetic dance with the live choir enthralled every one present there. The Director Principal, Ms. Aditi Misra addressed the students and shared with them the contribution of farmers, soldiers and teachers, who selflessly work hard and contribute for the well-being of others.
