

Report- Class IX Career Counselling

The Career Counselling Session for class IX was held on 7th October 2015 in the school auditorium. Ms Kanika Marwaha, a renowned career counsellor and the International Representative of Warwick University, conducted an interactive session with parents and students on the important aspects to be considered when making a choice of stream and thereafter career. The necessity of formulating a career plan and honing the required life skills and study skills were emphasised along with due consideration given to aptitude, interest and personality type. The Q & A session helped clarify several issues regarding careers as well as reiterated the requirement for parental support in making the right choice. The highlights of the session were encapsulated in the handout distributed to students after the session.
