

**INTER HOUSE POSTER MAKING ACTIVITY – 2018  
(JUNIOR SCHOOL)  
*SAY 'NO' TO CRACKERS***

As the festival of lights knocks our door, a wave of excitement runs through everyone and everywhere. Along with it, also surfaces a fear, of choking breath due to high levels of pollution, amongst the people.

To reinforce the thought of celebrating a smog free Diwali, to make it a happy, breathable festival, an Inter House poster making activity was held for classes IV and V on 8th October, 2018.

The enthusiasm and determination of the young environment sensitive children, to say a 'NO' to burn crackers, stood out crystal clear with the ideas and slogans they portrayed on the posters.

The posters when put up in the corridors set the right aura for the festive yet thoughtful celebrations.
