

# 'Green Diwali' Campaign

## "Say No to Crackers and Save Nature"

### Report – ICT (Information and Communication Technology)

The 'Green Diwali' Campaign was conducted for the students of Class III, IV and V in the Junior Computer Lab during the second week of October. Class III students enthusiastically participated in the drive and created beautiful and thought provoking posters on 'Safe Diwali' using the software Tux Paint.

Students of class-IV showcased their creativity and ingenuity by making colourful and vibrant greeting cards, giving the message of 'Eco-friendly Diwali' using MS-Paint application.

'Green Diwali' Posters in MS-Word, depicting the harmful effects of crackers on environment and health were prepared by class-V students in which they emphasized the importance of cracker free Diwali.

It was an enriching experience for the students as it enhanced their technical skills of using the various features of the applications in an innovative way.

Report – The campaign created awareness in students about the detrimental effects of burning crackers in terms of the damage it causes to the environment. It helped students to understand the importance of festival in its true spirit of celebration without harming our precious Earth.
