

REPORT ON TREE PLANTATION DRIVE

***WE ARE NOT JUST PLANTING TREES;
WE ARE PLANTING COMPASSION IN HUMAN HEARTS.***

Bearing the multifaceted role of trees in maintaining the environment, one action which stands high on the mandate of DPS Gurgaon to deal with the environmental crisis is the Tree Plantation Drive.

The future will either be green or not exist at all!

To learn to live in harmony with Mother Earth on a genuinely sustainable basis, DPS Gurgaon organised a Plantation Drive on 11th October'17. This special drive was initiated by Principal Ms. Aditi Misra, under whose guidance, the students of the Inclusion Programme planted the saplings in a stretch of land lying vacant alongside the park located outside the school.

Dean Student Welfare Ms. Sapna Dhawan and Headmistresses of all the four wings of the school also planted the saplings with the students and motivated them by being a part of this noble drive. Students not only planted these young saplings but also volunteered to nurture them till the time they get firmly rooted in the ground. The students gained an invaluable experience from this small expedition. They gained knowledge about the different species of plants and also got to know about the procedure of planting trees. The students displayed exemplary enthusiasm in contributing towards this important environmental cause.
