

## Earth Day Assembly Report

*‘Save our world, save our future. Reduce, Reuse and Recycle.’*

As a step towards inspiring, educating and motivating children to act, a special assembly was held on 19th April 2017 by the students of the Junior Wing to celebrate Earth Day. The assembly began with the school choir singing a melodious song on the importance of Earth Day.

Children presented a meaningful skit which demonstrated the side effects of humans trying to modify nature for their own selfish needs and the importance of keeping the environment green and pollution free. Children recited a soulful poem on understanding our duties towards Mother Earth as responsible citizens. A beautiful dance performance by the young dancers left everyone mesmerized.

The Principal, Ms. Aditi Misra applauded the efforts of the children and urged them to be more responsible towards the environment. She took a promise from the students that they, along with their parents will adopt some potted plants in their own homes and nurture them, to make a difference as every small effort counts.
