

Report – Guest Speaker Programme

Guest Speaker Programme is an endeavour to widen the horizon of our young learners and make them knowledgeable about jobs and occupations which they can take up in future. Another session under this programme was held on 14th July, 2017 in the Middle School. Mr. Mohit Bhatia, an engineer by profession, provided valuable inputs to the young learners. The interactive session enlightened the minds of the enthusiastic children towards the avenues available to them.
