

# MINI PTM REPORT

## CLASS III, IV

DATE: 25<sup>th</sup> April and 26<sup>th</sup> April 2017

“Education is not the learning of facts, but the training of the mind to think”

Classes III and IV had their first mini PTM on 25<sup>th</sup> and 26<sup>th</sup> of April 2017, during which the children showcased their knowledge through fun filled and informative performances.

Our blooming buds of class III stole the hearts of their parents with their well-rehearsed performances. In Hindi, the children recited a poem about their birthday, which made them feel proud and thankful for their existence in this world. A wonderful way to understand the place value of digits in a numeral and its importance in Mathematics was presented in the form of a skit. Emphasis was laid on ‘Our Safety’ and the various safety measures to be taken care of were reiterated through an enlightening short play which was followed by a poem in General Science.

‘Our Country is India, and we are proud to be Indians’, was the message that the young scholars of class IV conveyed through their Social Studies presentation. They highlighted the rights that we have, being the citizens of the greatest democracy of the world and the duties we are expected to abide by. In order to enhance the confidence level of the children and make them the custodians of English language which is an enigmatic yet simple language, a poem on ‘Parts of Speech’ was presented by the enthusiastic children which helped them to understand the fineness of the language. In Mathematics the children presented a skit on estimation and rounding off numbers and how they help us in day to day life.

The belief in learning by doing was showcased by the children. The mini PTM gave the students a platform to exhibit their talent. The parents were enthralled and impressed with the fineness and perfection with which the students performed. The show was applauded and appreciated by one and all.
