

ASSEMBLY REPORT CLASS XII

Principal Ma'am addressed the students of class XII on the first day of the new session on 21st February 2017. She emphasised the need to focus primarily on studies as XII is a crucial year. They must follow a sensible and practical study schedule. Ma'am reiterated the importance of GROW, where each student must be aware of his/her goal in life, reality check, opportunity and the way forward. They must also enlist their achievements throughout the session and request for the LOR so that it can be prepared well in time.
