

RAKHI MAKING ACTIVITY

‘A bond of love and togetherness, a thread that binds our lives and hearts forever.’

To honour the true spirit of brotherhood and to strengthen the bonds of love and care, a Rakhi making activity for classes III, IV and V was held on 14th August, 2018. Students made beautiful *Rakhis* using eco-friendly material for our real heroes, the soldiers guarding our motherland, to value the sacrifices made by them. It helped them develop an intangible faith and respect for the gallant soldiers as they wrote heartwarming messages for them on the cards.

The students enjoyed the activity as they showcased their creativity and imagination by making *Rakhis*, which were a fusion of the modern and traditional styles.
