

Career Counselling Session

The Career Counselling Session for class X was held on 17th September'2015 in the school auditorium. The school invited Ms Kanika Marwaha, a renowned career counsellor and International Representative of Warwick University for an interactive session with parents and students. The session focused on the importance of aptitude, personality and interest to be given top priority when choosing a career. The audience was apprised of the myriad career options available with reference to the Humanities, Commerce and Science streams. The importance of developing in students essential life skills such as problem solving, critical thinking, and time management was emphasized to equip students to meet the challenges of the world beyond school life.
