

CEEC CELEBRATION OF EARTH DAY IN THE MIDDLE SCHOOL

EACH DAY IS EARTH DAY

Conservation is a state of harmony between men and land.

- By Aldo Leopold

The students of Middle School celebrated Earth Week, 2017 to reiterate their resolution to be the agents of change in heralding a better future.

Special assemblies were conducted to highlight the importance of saving the Blue Planet by conserving our natural resources.

On 22nd April 2017, students of class VI to VIII made badges to convey the message that they are a major part of the environment. They also took a pledge to preserve Mother Earth and be responsible citizens.

Class VI showed their concern for the planet by giving a presentation on various environmental issues.

The students of class VII made an attempt to spread awareness of segregating waste by designing attractive posters.

The students of class VIII enacted soul-stirring role plays, spreading the message of the 4Rs, conservation of resources and our responsibilities towards making Mother Earth the best place to live in.

The Earth Week highlighted the fact that we need to remember that we have borrowed this Earth from our future generation and have to preserve it.
