

Report – Behtar India Dengue Prevention and Awareness Campaign Shiksha Kendra

To spread dengue awareness and distribution of dengue protection kits to the students of the Shiksha Kendra a ‘Dengue Prevention and Awareness Campaign’ was held in the school on 26th October 2018 as a part of the ‘Behtar Swasthya’ task under the Behtar India Initiative.

The event commenced with the singing of a melodious song encouraging the society to protect and conserve the environment. It was followed by an entertaining ‘Nukkad Natak’ that sensitised the students about keeping the environment clean.

The Principal, Ms. Aditi Misra welcomed the Behtar India Team and the JLL Group representatives. In her address, she emphasized on the need for maintaining a clean and healthy environment as prevention for spreading of dengue.

Behtar India Area Manager Mr. Pradeep Gill, spoke about their endeavour to provide protective and preventive healthcare to the Shiksha Kendra students. He also mentioned about the successful participation by the school in the various Behtar India initiatives. He later handed over the Dengue Insurance Policy for the Shiksha Kendra students to the Principal.

The JLL Group representatives conducted a Dengue Prevention workshop, followed by an interactive and informative quiz for the students.
