

ATL Community Day
Sanyojan –Let’s Learn Together
DATE: -18/04/2024

DPS, Gurgaon organized ‘ATL COMMUNITY DAY – Sanyojan’ on 18th April’24. More than 60 students from DPS Gurgaon, Shiksha Kendra and Govt. Girls Primary School, Kanhai Village attended the session. The aim of the event was to bring students & teachers of the community schools together to celebrate innovation and showcase the innovative projects emerging from the Atal Tinkering Lab.

The event was inaugurated by Ms Sapna Dhawan (Dean Student Welfare). She felicitated the Guest of Honour, Mr Abhimanyu Gupta (Alumnus DPS Gurgaon and member of ATL Advisory Committee). In her address, she emphasised on the importance of fostering a culture of innovation and hands-on learning. Mr Abhimanyu Gupta motivated students with his insights and experiences. He advised them that through ATL they can pursue their passions and harness their creativity to address real-world challenges. Teachers from science and computer science department also attended the event.

The session on ‘Microcontroller and Sensors’ was conducted by Mr. Shubham Shah (ATL Engineer) and Ms. Sonu Khandelwal (ATL Incharge). Thereafter, students were divided into 10 groups for a hands-on activity based on it. They were motivated to create prototype of car parking system which they made with great enthusiasm and zeal. ATL volunteers also helped them during the activity. At the end of the session, the teams presented their prototypes and their experience of working on the models. The community day, Sanyojan empowered students to explore their interests, develop essential skills, and pursue their dreams in STEAM (Science, Technology, Engineering, Art and Mathematics) fields. This event is an opportunity to nurture a culture of innovation and positive change to make a lasting impact on society. To conclude the session, Vote of Thanks was proposed by Ms. Khandelwal. Overall, the ATL Community Day serves as a catalyst for innovation, learning, and community engagement, empowering students to become confident, creative and socially responsible leaders in the digital age.
