

STATES DAY – CLASS III

‘Our unity is our strength and diversity our power’

To celebrate the beauty and the essence of unity in diversity, students of class III presented a live spectacular virtual show, ‘The Colourful India’ on 15th and 16th October 2020. The presentation showcased the diverse cultures in India which blend together beautifully to give India its unique identity.

Dressed in traditional attire, children presented different facets of our rich culture and took the parents through an incredible virtual tour of our country which gave glimpses of the distinctive features of each state. The show commenced with a short introduction about India followed by a scintillating dance performance depicting our country’s varied culture and traditions. Sharing interesting facts about each state, the little Class III performers left everybody mesmerized by their confident and awe inspiring presentation. The rich cultural heritage of our motherland was beautifully portrayed by our young performers.

The depiction of the spirit of unity left an everlasting impression on the audience. The Director Principal Ms. Aditi Misra applauded the efforts of the students and gave the message that the entire human race is one family irrespective of geographical, racial or linguistic barriers. Overall, the States Day was a resounding success with the parents appreciating the live online performance by the students of DPS.
