

## ASSEMBLY REPORT: CLASS XI

*By discovering nature, you discover yourself – Maxime Lagace*

School assemblies help in building a culture of communication, and are a reflection of academic and co-curricular activities.

The students of Class XI presented an assembly on the theme 'Our Take-away from Nature', on 30th April 2021. The assembly started with positivity of the morning prayer and was followed by the news headlines and the thought of the day. The students worked together as a team and presented a melange of thoughts, ideas, expressions and beautiful self-composed poems, and a video followed by motivational talk.

The children understood and passed on the message that nature needs to be taken care of, if we want the same from it. Their ideas on what we can learn from nature were thought provoking indeed. Students shared their life instances where they have been altruistic. They also shared the life experiences of Mother Teresa and Nelson Mandela and how they have given selflessly to the society. It was a well presented and inspiring assembly.
