

## Director Principal, Ms. Aditi Misra's initiative of Community Partnership

It is a well known fact that 'Joy shared is multiplied and sorrow shared is divided.'

DPS Gurgaon family strives to spread cheer and brighten the lives of the residents of village Kanhai by distributing snacks amongst them. The smile on their faces filled our hearts with instant gratification. Seeing the overwhelming response of the residents, it seemed that social distancing has in fact brought us closer as we have become more sensitive and responsible towards our fellow beings.

Carrying the flame of 'Service Before Self' within ourselves we aspire to become charioteers of change and positivity.
