

## Report on Jal- Itihaas certification program

Jal Itihaas- Heritage classroom on water was successfully completed in the year 2023-24, with an objective to help students understand water as a necessity for the functioning of all life on earth.

Delhi Public School, Sector-45, Gurgaon was certified as a BLUE School at the 'Jal ITIHAAS' and 'Water Warriors' Certification Ceremony, held on 22 March, 2024 at India International Centre, New Delhi. Fifteen students of the school were recognised as 'Water Warriors' for the successful completion of the Jal ITIHAAS heritage classroom programme in partnership with National Water Mission.

The event commenced with a welcome address by Ms Smita Vats, Director ITIHAAS. The ITIHAAS team interacted with the students who shared their experiences and the knowledge gained during the sessions conducted in the classrooms.

The event underscored the importance of environmental education and collective action in preserving our planet's heritage.
