

# DPS, GURUGRAM, AND POLAND SCHOOL ORGANISE VIRTUAL ART EXHIBITION

The Indo-Polish Exchange Programme of Delhi Public School, Sector 45, Gurugram and VIII PALO, IB World School 0062665, Krakow, Poland, organised the first international virtual art exhibition titled 'It's Our World... Let's Take Action' on the Zoom platform.

DPS Gurugram's director-principal Aditi Misra and Prof. Jerzy Waligora, the founder principal of VIII PALO, Krakow, shared their thoughts on art as a medium of communication. As the event went live, multiple attendees from Europe and the USA also joined to be a part of it.

The virtual art exhibition showcased multifarious artworks contributed by the fine arts students of both the schools. The teachers, art secretaries and student artists, all of them miles apart, managed to co-ordinate on online platforms, working diligently and conscientiously to present the event. The themes were — Doodle Collage, Continuous Line Drawing and Modern Art. The last theme was based on the concept of We in VUCA World, where VUCA stood for volatility, uncertainty, complexity and ambiguity. The virtual tour was a visual pleasure.

This important event was mentored by DPS Gurugram student welfare dean Sapna Dhawan and facilitated by Madhumita Nandi from Gurugram and Dorota Tomalska from Krakow. The exhibition was very well received internationally.

At the end of the exhibition, DPS Gurugram student welfare deputy dean Mamta Kumar and VIII PALO international engagements head Anna Krzeminska Kaczynska proposed the vote of thanks. The event finally came to a close and culminated with Aditi Misra and Prof. Waligora sharing their thoughts and appreciating the work of the young artists. They also called for more such collaborations in the future and create such wonderful events. It was a wonderful opportunity to bond and strengthen the Indo-Polish Exchange programme.
