

# Leadership is not about a title, it is about inspiration

**T**he Investiture Ceremony for the students of **DPS, Gurgaon** class V was held to instate the newly appointed junior school council. The event commenced with the national song followed by the school anthem which was followed by a beautiful rendition by our young leaders, "Together We Rise", which elucidated the importance of holding onto hope and courage in difficult times.

The director principal, Aditi Misra welcomed the parent reps, Sachin Chugh, Nidhi Vasishtha, and Dr. Mriganka Sekhar Sharma. She also extended a warm welcome to Dr. Vinnie Jauhari, learning and skills lead, Microsoft, and Punkaj Rai, founder, and managing director, India Cyber-Learning, a global training partner of Microsoft and Shital Rai.

She congratulated the newly appointed student council and was proud

of these children watching them grow from toddlers to young leaders and taking on responsibilities so well. In her address, she thanked the parents for their constant support at every step. She also thanked the team Mi-

crosoft for supporting the entire staff of DPS during the unusual times and helping them all to be successful Microsoft Certified Educators.

The parents appreciated the mesmerizing dance performance presented by our talented young dancers, 'I Pledge', generating awareness about

sustainable development which is the need of the hour. The junior school choir also presented a melodious song teaching us how little deeds of kindness make our Earth a happy place to be. The junior school appointees were administered the oath of office and presented the badges with the hope that they would execute their responsibilities with utmost sincerity and dedication. It was a proud moment for all the parents to witness their children being invested as they embarked on their new journey as leaders.

Dr. Vinnie Jauhari, the director principal Aditi Misra and the DPS team unraveled the MCE success story DPS. She apprised the audience that DPS Gurgaon has set a benchmark of being one of the finest Microsoft Showcase Schools and the case study would be shared in the worldwide forum with all the schools as an example.
