

ASSEMBLY REPORT CLASS X

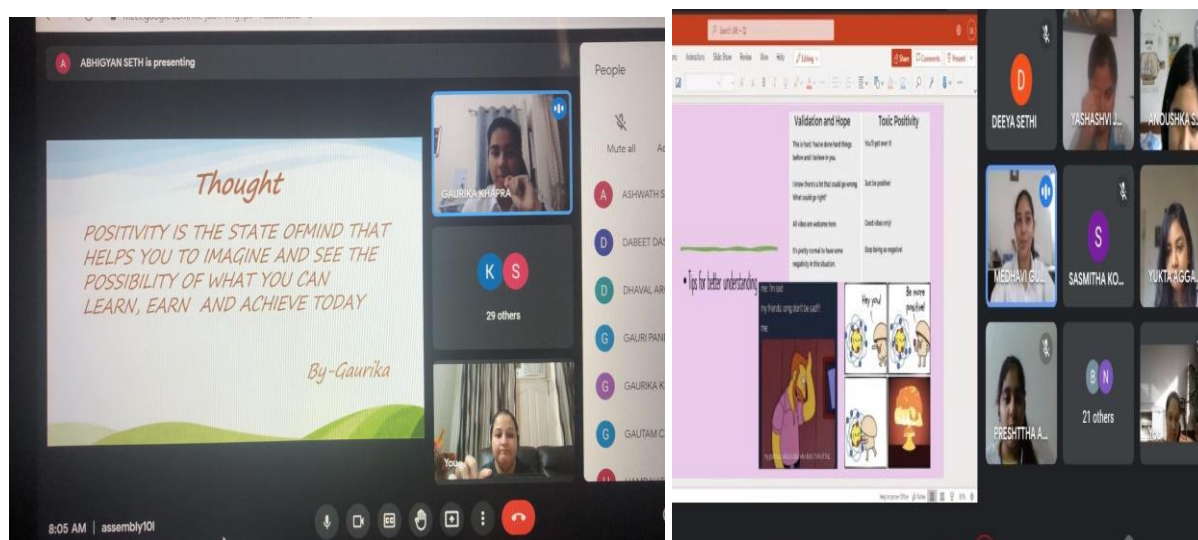

DATE: 23rd August 2021, Monday

TOPIC: Positivity is not an act. It's a lifestyle

A short assembly on the topic 'Positivity is not an act. It's a lifestyle.' was presented by the students of class X. The assembly was based on encouraging a positive attitude and sense of optimism to lead healthier and happier lives.

The assembly commenced with a prayer which is the finest way to seek God's blessings. The students emphasized on the importance of staying positive and having a grateful attitude as this positive approach is going to determine how we are going to live our lives. Many enlightening and motivating quotes were shared in the assembly. Students were also guided by various ways of inculcating positivity around themselves. The topic was concluded in the form of a beautiful poem composed by one of the students.

The CEEC club members also motivated the students and encouraged them to conserve water as it is essential for our lives.

Positive Thoughts

2. Rooftop rainwater harvesting:

It is a system of catching rainwater where it falls. In rooftop harvesting, the roof becomes the catchments, and the rainwater is collected from the roof of the house/building. It can either be stored in a tank or diverted to artificial recharge system. This method is less expensive and very effective and if implemented properly helps in augmenting the groundwater level of the area.
