# Webinar on "Adobe Express Designing Essentials"

Organised by            : Arch College of Design & Business
Date, Time              : 15<sup>th</sup> Sep 2023, 4:30pm-5:45pm
Resource Person         : Omveer Choudhary & Archana Surana
Attendees               : Dean Student Welfare, Computer Science department and Art
                          department

Session focused on, how to use leading software's like Photoshop, Illustrator, and Premiere Pro with just a few clicks.

It also talked about how to make a flyer, edit an image, or produce magazines, social media posts, project reports, portfolios, presentations etc. from start from scratch.

The webinar talked about the popularity of Design thinking and all related realms in the current scenario for students. Students can take up multiple courses in their school as well as for their under graduate programmes. The educators can also take up these courses. With these courses, educators and students will acquire a special design skill and high degree of critical thinking.
