

CLASS IX ASSEMBLY ON ETIQUETTE

The class IX assembly held on 1st May 2024 aimed to raise awareness among students about the significance of practicing good manners and respectful behaviour in various aspects of their lives. The Assembly began on a positive note with the morning prayer, followed by an insightful thought for the day. Subsequently, students provided updates on national and international news, along with school news, fostering awareness and engagement among the audience.

During the assembly, the students presented practical guidelines on etiquette, covering various aspects such as respect for elders and peers, polite communication, active listening, personal space, punctuality, hygiene and cleanliness, respect for property, gratitude and appreciation. These points served as practical guidelines for students to incorporate into their daily lives, contributing to a positive and respectful school environment. Additionally, a group of students recited a poem highlighting that etiquette is more than just a set of rules—it's a way of life that involves respecting others, showing kindness and care, and being mindful of the feelings we share.

Impact and Reflection:

The Assembly successfully achieved its objective of raising awareness about the importance of practicing good manners and respectful behaviour. It empowered students to incorporate etiquette into their daily lives by providing practical guidelines, examples, and opportunities for reflection, contributing to a positive and respectful school environment conducive to learning and personal growth. Headmistress, Senior School, Ms Nishi Dhanjal, appreciated the efforts of the students of Class IX-C in organising such a meaningful and insightful assembly.
