

## ASSEMBLY REPORT- CLASS XII

Dated: 1<sup>st</sup> March 2023

*'Like a phoenix emerging from the ashes, I rise, burying old skeletons, I move forward  
Suppressing my fear, with a newfound hope- I walk into the light'.*

The students of Class XII presented an assembly on Wednesday, 1<sup>st</sup> March 2023, on the theme 'New Beginnings-The Magic of Fresh Start', to commemorate the start of one of the most important years of their lives- the 12th grade.

The assembly commenced with a prayer followed by the thought for the day, DPS news and sports news. The students discussed the uncertainties and anxieties that most of them face before a new experience. It is embedded in human nature to be fearful of what the future holds. But it is very truly said that victory follows fear. Life is a book, and you are the author- you could end this chapter, and never look back, or flip through the pages and reminisce.

The students emphasised that with the start of a new chapter, they have the authority to add new characters, travel to new destinations and face new obstacles; and most importantly- decide how to overcome them. They further added that they must have trust in themselves, confidence in their abilities and a plan forward which are essential prerequisites to facing new beginnings head-on.

The assembly was conducted in the school auditorium and it was overall a very fruitful and enriching one.
