

REPORT - CLASS ASSEMBLY

Morning assembly is a platform that helps students to develop various skills under the co-scholastic areas which further support them in gaining confidence through public speaking, sharing ideas with each other and nurturing the feeling of team spirit.

The students of Class IX presented an assembly on Wednesday, 19th April 2023, on the topic 'Taking care of our heritage'. It served as a reminder for them that taking care of our heritage is crucial for preserving our cultural identity and history for future generations. It is also important to maintain a connection with our past and promote cultural diversity and understanding.

The assembly commenced with a prayer followed by the thought of the day, an intriguing poem, DPS news, weather report and sports news. The assembly concluded with the motivating words of the respective class teachers who further encouraged the students to protect and preserve our heritage.
