

Assembly Report – Class X

School assembly is a platform that help students to develop various skills under the co-scholastic areas. The students learn valuable lessons, gain confidence, and share their ideas with each other. It helps them grow into responsible adults with a well-developed sense of community.

Students of class X presented an assembly on 4th August 2023, on the topic ‘Celebrating Life’.

Celebrating life is all about accepting the ups and downs positively, expressing gratitude for everything that we have and not comparing ourselves with others. We are social creatures, and we’re happier when we connect with each other to celebrate even the little moments of our life. It is very important for our physical and mental health. Celebrations are not only the source of joy, peace and strength they also reinforce the continuity and endurance of ties with family and friends and help in establishing meaningful connections and communication.

The assembly commenced with a prayer followed by the thought for the day, news and a self-composed poem. Students shared their ideas on how celebrating every moment of life can help them understand themselves better. They spoke about the moments they cherish the most.
