

ASSEMBLY REPORT – WORLD NATURE CONSERVATION DAY

Conservation refers to the responsible management of the environment and its resources for present and future use.

A special assembly was conducted for the students of middle school on 27th July 2021, to commemorate the WORLD NATURE CONSERVATION DAY. The assembly commenced with a prayer which was followed by a motivational video clip emphasizing the importance of conservation of our flora and fauna. Thereafter, students presented a poem to inspire their classmates to protect our planet and conserve its natural resources so that they can persist for future generations. The assembly concluded with a video showing the use of technology to conserve natural resources in Tokyo Olympics 2021.
