

BAGLESS DAY-CLASS II

REPORT

The NEP 2020 focuses on experiential learning which leads to concrete learning experience for the students and hones essential life skills.

A fun 'Bagless Day' was organized for class II students of the Primary Wing, on 29th July 2022 in the Senior School premises (DPS Sector-45).

Several hands-on activities were planned which enhanced social and collaborative skills of the students.

The various sports activities encouraged team building, patience and discipline on the field.

The Little chefs of class II made some yummy Bhel for the cooking without fire activity along with a cool lemonade. As part of 'Tiger Day' they were made aware of the need to protect this endangered species, which is our national animal. Creativity of the students was on display as they made a lovely tiger day craft. A movie screened for them in the auditorium reiterated the message of never giving up on their dreams.

The students enjoyed their day without books thoroughly as they did various activities, bonded with their peers and took back with them valuable lessons of friendship, building rapport and important social skills.
