

REPORT ON CHILDREN'S DAY CELEBRATION

'Childhood is a blessing and the most fun-filled phase of life.'

To celebrate the spirit of childhood amongst students, Delhi Public School, Sector 45 Gurgaon, organized the Children's Day Celebration. A special assembly on Children's Day was conducted with great zeal by the students on 15th November 2021.

The assembly took place in the virtual classrooms. It commenced with a short informative slideshow discussing why children's day is celebrated every year and its vital role in everyone's lives. This was followed by a beautiful poem, riddles and a few tongue twisters. After this, teachers gave a brief insight into the life of Jawaharlal Nehru and his special connection with children. Through origami, students created Chacha Nehru's cap and rose. They also played a game 'Guess Who' in which they had to guess their classmates' and teachers' childhood pictures. It was an entertaining experience for children which added a little more glitter to the celebration.

Soon after playing the game, the students thanked the teachers profoundly for making Children's Day 2021 so special. The heartfelt appreciation, loud applause, giggles and crackling laughter by the students was an assertion to the grand success of the celebration of Children's Day.
