

REPORT CLASS ASSEMBLY
TOPIC – MY DUTIES TOWARDS MY COUNTRY (4.10.23)
CLASS – IX (2023-24)

“Ask not what your country can do for you; ask what you can do for your country.”

— John F. Kennedy

Educating students about their duties towards their country is not merely an academic exercise; it's a foundational aspect of their personal and civic development. It equips them with the knowledge, values, and skills they need to become responsible, informed, and engaged citizens who contribute positively to their country and the world.

Students of class IX actively participated in the class assembly held on 4th October 2023, based on the topic, 'My Duties Towards My Country'. The assembly commenced with a prayer followed by thought for the day, news, weather report and a poem.

The assembly culminated with the students sharing their understanding of the topic and served as a valuable guide for them as they grow into responsible citizens. It equipped them with knowledge about their roles and responsibilities in a democratic society. The students spoke about their civic responsibilities, social responsibilities, environmental responsibilities, how they are responsible for preserving culture and heritage, promoting equality and inclusivity. The youth are the future of our country and so this assembly topic proved to be very relevant to them as they understood that their duties towards their country go beyond mere words; they are reflected in the actions and commitment to building a stronger, more inclusive, and prosperous nation.
