

## Class III Picnic Report

*‘Play is our brain’s favourite way of learning.’*

Nature is a tool to get children to experience not just the wider world but themselves too and keeping this in mind, a class picnic was organized for the students of class III on 16<sup>th</sup> December 2022. The venue for the picnic was Tau Devi Lal Biodiversity Park located in Sector 57, Gurugram. The cheerful young ones travelled to the location and were looking forward to the exciting day.

The open blue sky and warm sunshine was a pleasant change from the routine that allowed the little ones to let their guard down for free play with their peers and teachers. The games organised by the sports teachers brought the spirit of healthy competition alive and were thoroughly enjoyed by all. It was a delight to watch them bond over food as they savoured the delicious snacks with their friends.

The visit to the park not only made students happy but also motivated them to take care of their environment and maintain cleanliness around them. It was a wonderful opportunity for all to rejuvenate. Indeed, it was a great day for one and all.
