

## Class II - Eidgah

The students of class II presented a poignant tribute for their beloved grandparents, which drew inspiration from the timeless story "Eidgah" by Shri Munshi Premchand. Through the enactment of the story about Hameed and his loving grandmother Ameena, the young learners were able to appreciate the true value of relationships and the significance of prioritising the needs of those we hold dear, above our own fleeting desires.

The presentation, shared with the grandparents via a virtual link, served as a heartwarming visual celebration of the special bond between grandparents and grandchildren. The beautiful feedbacks were a testament to the enduring power of love and affection that transcends physical distance and time, leaving a lasting impact on all. Eidgah helped children learn core life lessons experientially, and taught them the importance of cherishing and honoring the irreplaceable role of grandparents in their lives.
