

## Class I Assembly-The Green Team

22 April'22

*"Don't judge each day by the harvest you reap,  
But by the seeds that you plant. "*

As part of the Earth Week celebrations the students of Primary Wing along with our Director Principal Ms Aditi Misra, planted a sapling.

The activity emphasized on the importance of trees and appreciating this valuable gift of nature.

Students learnt that they need to take care of the sapling all through its growing phase, as planting is just the first step towards adding a tree to our planet.

The importance of the 6R's (Rethink, Reduce, Reuse, Recycle, Refuse and Restore ) was also stressed upon and the 7th R-Respect for our planet was introduced. Aditi Ma'am told the students that we need to respect and appreciate nature. She also shared that she believes each one of us can make a difference by stepping up and adapting eco-friendly habits in our daily lives, for a clean and green Mother Earth.
