

NAJAFGARH ECO ADVENTURE CAMP-CLASS XI

It is said that friends who travel together, stay together. Reaffirming these words, 76 students from Class XI journeyed to the Eco-Adventure Camp at Najafgarh on 17th February, 2023. The trip was a thrilling experience filled with adventure and sumptuous food, and left the students with cherished memories.

The students were warmly welcomed by the camp staff, and divided into smaller groups under the charge of a guide. After a delicious breakfast, they were whisked off to exciting activities like river crossing, wall climbing, commando crawl, commando net, balance beam, tunnel crossing etc. A variety of village-centric activities like bullock carts, and horse and camel rides were also available for students to enjoy.

The students participated in the activities enthusiastically and engaged in physical recreation. They also honed their fitness skills, and learned to co-operate and work together as a group. The day wound up with an exhilarating DJ where students let loose and danced to the groovy tunes of Bollywood music. Good music, invigorating activities, and tasty food made the camp a truly unforgettable experience!
