

DUSSEHRA ASSEMBLY REPORT

“Celebrate the victory of good over evil and this is when the world sees the power of positive energy.”

On the occasion of Dussehra, a special assembly was conducted by Jhelum house on 5th October 2021. The assembly was presented by the students of Junior wing which emphasized the importance of celebrating Dussehra.

The students started with a thought that highlighted the spirit of the festival. They then, explained the meaning, significance and the different ways this festival is celebrated all across the country. The essence of the festival was reinforced through a poem recited by the students.

Students of classes III and IV made a puppet of Ravana with ten heads. Nine of his heads were made as the symbol of nine vices still prevalent in today’s world like anger, ego, violence, etc. that the students vowed to destroy along with Ravana. Students of class V kept the spirit of celebration alive through a ‘toran’ making activity and added beauty to the celebration. This auspicious day reminds people of the fact that truth always wins and motivates them to follow the path of goodness.

It was an enriching event for all the students which resonates with the victory of good over evil and reiterating the importance of festivals and celebration in our lives.
