

REPORT ON ITIHAAS ANVESHAN ART COMPETITION

'The past speaks in the language of the monuments'

An Art Competition was organised by ITIHAAS -Indian Tradition and Heritage Society (an educational trust, active in the field of heritage education), on 8th May 2022. The aim of the competition was to bring heritage closer to the hearts of the students and give them an opportunity to understand it better through the event. The students of the Junior School participated in Anveshan 2022 under the Cheshta Group. The topic of the event was -The word 'HERITAGE' brings 'THIS' visual to my mind.

Aditri Mishra, a student of class V participated in the same and brought laurels to the school by winning the competition. Students of class XII, Nandini Chanana, Manya Vij, Naina Kharb, Hansika Jha and Ishita Sharma, chose the Ajanta Caves paintings as their theme and won in the Wall-Art Competition, making the school flag fly high. The team believes that these paintings are an integral stepping stone in promoting visual arts in the country. Ajanta is famous for its elaborate wall paintings, which depict India's rich history. Even though these cave paintings are considered marvels in the world of art history, they have minimal exposure to the general public. So, as an effort to bring this art work to everyone's notice, the team chose a famous mural from the Ajanta Caves as their centrepiece. This event was, indeed, a very enriching experience for the students as it not just taught them teamwork but also helped them to know more about their country.
