

Mock Election Report

'Voting is not only our right- it is our power.'

-Loung Ung

To acquaint the students about the working of the democratic form of governance, Mock Elections were organized for classes IV and V on 17th February and 24th February 2023 respectively.

The students were made aware of the electoral process in the Indian Democratic System. Students designed their unique party symbols with catchy slogans and presented them through their manifesto. The nominated candidates propagated the election campaign to persuade fellowmates to vote for them. Every vote played a crucial role in choosing the people's representatives.

Ms. Laveena Hemrajani, Headmistress of Junior Wing and Ms. Geetu Khanna, Sr. Mistress visited as Election Inspectors ensuring smooth functioning of the election procedure.

Overall, it was an enriching experience for the students and the Mock Elections helped them to inculcate leadership skills and value of good citizenship.
