

## **EARTH DAY ASSEMBLY REPORT**

**“Earth provides enough to satisfy every man’s need but not every man’s greed.”**

**-Mahatma Gandhi**

Earth Day is an annual event celebrated worldwide on 22<sup>nd</sup> April to demonstrate support for environmental protection. The main aim is to raise awareness about the depleting quality of the environment. The students of all the four houses of the Junior School presented a special assembly to celebrate Earth Day.

The Earth Day assembly commenced with the school choir singing a melodious song on the need to save Mother Earth. It was followed by an informative skit which showed how our Mother Earth is getting polluted at a rapid pace. A poem highlighting the measures that we all can take to protect the environment was also presented by the students. A graceful dance, performed by the students, reinforced the idea of saving our planet. The children also pledged to save the Earth and make it a better place to live in. They learnt that simple remedial measures practised in our day-to-day life can make a huge difference to our environment. Everyday can be celebrated as Earth Day. It should be a continuous process.

The assembly concluded successfully with the Director Principal, Ms. Aditi Misra’s message emphasizing on the imminent need to practise measures to restore nature and build a healthy planet. She urged the students to be more responsible and caring towards our environment.
