

Ravi and Satluj House Function

‘Freedom is the open sky, but responsibility is the compass that guides the flight.’

Inspired by this powerful thought, Ravi and Satluj Houses presented the Inter-House Cultural Event, Freedom with Responsibility, on Friday, 22nd August 2025. The programme celebrating independence not just as a privilege but also as a duty, was brought to life through a vibrant blend of music, dance, theatre, and dialogue.

The event commenced with a warm welcome to parent representatives and distinguished guests. A soulful welcome dance based on a Sanskrit song set the stage with rhythm and devotion while paying homage to India’s rich cultural roots. This was followed by a soul-stirring choral rendition of the Preamble by the students of the Middle Wing, reminding the audience of the ideals that anchor our democracy.

The Junior School students presented a dance performance, depicting Rani Lakshmi Bai and Mahatma Gandhi, which beautifully portrayed the sacrifices of India’s freedom fighters. Infusing vibrancy into the programme, students of Classes VI to VIII presented a dance, capturing the struggles and collective spirit of the independence movement.

The theme of responsibility was vividly portrayed through a thought-provoking skit, showcasing student-led initiatives for building a conscientious society. A graceful performance by the Class IX students further highlighted the role of youth in shaping a responsible future, while the Grand Finale culminated in a pledge that reinforced the central message: freedom is truly meaningful only when balanced with responsibility.

Director Principal Ms. Aditi Misra, in her address, motivated students to embrace freedom with accountability, reminding them of their rights and corresponding duties. The event concluded with a heartfelt Vote of Thanks by the House Captains, who acknowledged the dedicated efforts of teachers, participants, and parents.

The celebration was a reminder that freedom is a cherished gift from our forefathers, and responsibility is the path through which we safeguard and enrich it for generations to come.
