

REPORT- MINI PTM CLASSES III & IV

‘Adding fun to learning creates the best educational experience possible’

To inculcate the skill of collaboration, teamwork and creativity amongst the students, a Cultural Mini PTM was organized from 21st to 24th February 2023, for the students of classes III and IV. The young ones showcased interesting and informative presentations on the various club activities done by them throughout the session.

The students displayed various skills acquired during the Art classes, Home Science sessions, INTACH activities and Literary, Math and Science clubs. Young literary learners donned the hats of reporters and impressed the audience with their interview with the first Prime Minister of India, Pt. Jawahar Lal Nehru. Math and Science club enthusiasts recited a beautiful poem to show that Math and Science are an integral part of our daily lives. The students also presented the delicious and nutritious snacks that they had learnt to make in the Home Science Club.

These activities encouraged them to reflect upon their learnings and develop new skills, new attitudes and new ways of thinking.

The parents were overwhelmed and applauded their little ones as they enacted, voicing their dialogues with eloquence and poise.
