

## **REPORT**

### **CLASS VIII- FINANCIAL LITERACY**

Delhi Public School organized an enlightening session for the students of class VIII on 6 April 2023. The resource person, Mr. Shiv Bidani, an alumnus of DPS, apprised the students about financial literacy. The resource person posed real life questions regarding various financial terms, like credit cards, debit cards, loan, budget making etc.

The difference between credit and debit cards was explained by the resource person, wherein many students contributed their understanding about the same. The importance of budget making was also elucidated. It was made clear that different people have different notions about financial management. The enthusiasm portrayed by the students was unparalleled during the session. The sheer excitement was visible while the students answered the questions related to financial terminology.

Further, to hone their skills and check the financial understanding of the students, the resource person made the students play a quiz. The students were able to exhibit their learning and foster their understanding through the same. Financial literacy is the need of the hour and learning about the meaning and application of the same benefitted the students immensely.
