

## Guest Speaker Program

### GRADE VII, VIII

#### TOPIC - How Technology Can Shape Our Career

“We are changing the world with technology.” - Bill Gates

On July 20, 2024, Grade VII and VIII students engaged in a stimulating guest speaker program led by Mr. Vineet Mishra, focusing on “How Technology Can Shape Our Career”. Mr. Mishra explored both the positives and negatives of technology, emphasising its profound impact on social dynamics. He highlighted the benefits of technology across various sectors and discussed pivotal technologies shaping industries.

He elaborated on how technology has transformed communication and social interactions, facilitating global connectivity while also presenting challenges such as privacy concerns and the potential for social isolation. Moreover, Mr. Mishra delved into the ways technology has influenced education, from online learning platforms to digital tools that enhance the learning experience, underscoring how these advancements are shaping future educational practices and career opportunities.

Additionally, he provided insights into leading tech companies driving innovation. The session concluded with an interactive segment where students eagerly posed questions about potential career paths influenced by technology.
